**ALL
CORRESPONDENCE**
TO The Secretary,
MWOS Inc.,
3 Kristine Place,
Mona Vale. NSW.
2103.

**NEXT MEMBER'S
MEETING**
Thursday 28th
September, 2017 at
8pm Cromer
Community Centre,
Fisher Road North,
Cromer.

**NEXT COMMITTEE
MEETING**
Thursday 5th October,
2017 at the DYRSL
7.30pm.

GUEST SPEAKER. This month there is no guest speaker as it is our AGM. There will be an extended supper break to socialise.

ANNUAL FEES ARE NOW OVERDUE. If you have not already done so can you please pay as soon as possible.

SUPPER ROSTER. This month our volunteers are **Tinka** for sandwiches and **Sheree Howard** for something sweet. Thank you to those who brought in something extra for the supper table last month. The new roster for the next twelve months will go around at the next meeting. Please volunteer if you can and spread the load.

AUCTION 12TH NOVEMBER. Time to get those auction plants ready. The grower's sheets have been sent out and the return date will be 9th October.

AGM THIS MONTH. Members are invited to nominate for the committee. Nominations will be accepted from the floor at the AGM if all positions are not filled. Forms available at this meeting or contact the Secretary.

PRESIDENT'S REPORT

Congratulations to all the Champions of the Dee Why Grand Spring show and thank you to everyone that helped out. It was an incredible turn out of plants and the display was great. I think we can all agree that it has been a fantastic show season, and thank you again to everyone for all your efforts throughout the shows. See you all soon, Dylan

LIBRARY. The library still operates so please make use of this facility as we have some very good books.

SALES TABLE. Honest Gary has pots in all sizes and also plant labels. Please bring in your excess plants for sale.

Bulletin Articles – The Ed is always on the lookout for news articles so if you have anything to buy, sell or tell please contact Tinka.

.DIARY DATES 2017

September 28th AGM/Member's Meeting
September 30-Oct. 1 – NSW Clivea show,
Thornleigh Community Centre, Phyllis Ave.
(next to Bunnings).

October 6-8 Southern Orchid Spectacular,
Carringbah High School.

**October 22nd SPECIES auction and show,
Thornleigh Community Centre, Phyllis Ave.
Thornleigh.**

October 26th Member's Meeting

November 12th AUCTION

November 23rd Member's Meeting

December 3rd Christmas Party

December 21st Member's Meeting

VALE – ROY FRASER

Roy passed away earlier this month after a long illness and our sincere condolences go to Jeannette and family.

GET WELL wishes to Norman Casey after he recently went through major surgery. Wishing you a speedy recovery.

ST. IVES RESULTS

Unfortunately the results for the displays were incorrectly calculated and we ended up in 7th place.

- Class 5 1st A. Sulfaro
- Class 12 2nd A. Sulfaro
- Class 13 1st A. Sulfaro
- Class 30 1st A. Sulfaro
2nd A. Sulfaro
- Class 36 2nd I. Nelson
- Class 51 1st C. Polis
- Class 53 1st A. Sulfaro
- Class 54 2nd A. Sulfaro
- Class 55 1st A. Sulfaro
- Class 56 2nd L. Foley
- Class 77 1st C. Polis
- Class 86 1st T. Riddell
- Class 89 2nd C. Polis
- Class 90 1st A. Sulfaro
- Class 93 2nd C. Polis
- Class 95 2nd G&H Williams
- Class 99 1st A. Sulfaro
- Champion Phal. A. Sulfaro

A big thank you to all the volunteers who helped at the show. The attendance was down slightly on last year but the member's sales were up.

Show Marshal Report For August 2017

Hybrid of the Month :

Rhyncholaeliocattleya [Rlc.] (syn. Brassolaeliocattleya or Blc.) Sylvania Fry 'Supreme'

Grown by: Gloria & Allan Cushway

This is not a new plant and was registered in 1966 as

"Rhyncholaeliocattleya Sylvania Fry" by Dos Pueblos Orchid Co. Inc., P O Box 158, Goleta, California, CA 93116, U.S.A. Notice the change from a Blc. to a Rlc.

It has eight species in its back ground .This plant has won many prizes over years. Different varieties have won awards, 21 in total. One here was in 1967 by J. Greer with Sylvania Fry 'Francesca. There are 97 first generation crosses registered and a total of 382 progeny. It has been through our auction in the past, one to keep your eye out for.

Specimen Plant of the Month :

Dendrochilum [Ddc.] tenellum (Nees & Meyen) Ames, Philipp. J. Sci., C 2: 318 (1907).

Grown by: Angie Sulfaro

This is a different plant to last month, there were also a few in the display at the Grand. Notes

same as last month. When comparing the last month you could see a difference in the flower spikes in the photo. This *Dendrochilum* is an interesting orchid, looks like grass when not in flower, and then get the spikes from near the top of the leaves. This orchid comes from the *Philippines*. A common and widely distributed orchid, it grows in mountainous areas at 3300-4900 ft. (1000-1500 m). Plants are reported from the following islands Babuyan, Camiguin, Leyte, Luzon, and Mindanao, Mindoro. On Luzon, they are found in the provinces of Bataan, Benguet, Mountain Province (near Bontoc), Cagayan, Camarines Sur, Ifugao, Kalinga-Apayao, Laguna, Nueva Vizcaya, Rizal, Sorsogon, and Zambales. On Mindanao they are found in Davao Province From Orchidwiz.as above they have a wide distribution and a cool grower at that height. As they fill a pot, pot on to a slightly larger pot and it will eventually grow like this one in size.

When I saw the name I thought what does it mean ? Ros bought it in to put in the display at the Grand so I was able to sort out

and was not impressed there was 2 labels in the pot from when Ros bought the plant. This is not ok when a nursery sells plants labelled like this especially to new growers or to anyone.

This is what I saw

1. Label one had a picture showing a photo which was not like this and had printed on the label SSBF Rockstar
2. The second label also had the nursery name on the back

On the top where the plant name goes has CYMBIDIUM in ink

Below this it had this written

STAR SHEEN BOTANK

FIREWORKS RUTHERFORD

STAR BURST ROCKSTAR wt1003 how

can you work this out this is what it should be

Specie Plant of the Month : Gongora
[Gga.] rufescens

Jenny, Orchidee (Hamburg) 36: 116 (1985).

Grown by:

Paul

McDonough

This is a very interesting species and going by the naming date only a fairly new species coming from *Colombia*. The type specimen was collected in the

Department of Narino in southwestern Colombia just north of the border with Ecuador. No specific habitat location, type, or elevation were reported, so the following climate data and cultural suggestions should be used with a great deal of caution. from Orchidwiz There are other types of species available and I have one but it is a hot grower and grows in the phal house where it flowers well. They have nice long spikes to display as this one has.

Novice Plant of the Month: Dendrobium
SSBF Rock Star

Grown by: Roslyn Mathews

This is a nice native Dendrobium grown by Ros, not bad in shape and looks good.

This is Den Starsheen “ Botank Fireworks”

X
Den. Rutherford Starburst “Rockstar”

[Den.] Rutherford Sunburst. To make it more interesting there are two registered plants both by the same person both with native parents, also both parents had speciosum in their back ground hence could be why Ros’s plant looks like this I would like to thank all our members that once more brought plants in to the show at The Grand. The display came up very well and congratulations to all our prize winners Ian Nelson Show Marshal/Patron
